

Ambulances for the Ukraine. - The Grand Master of the Swiss Grand Alpine Lodge (SGLA), Brother Carlo U. Nicola, is working on a special relief action for the needy people of the Ukraine. The idea originated in a few lodges in Zurich and the Grand Master of the Grand Lodge of Ukraine supports it.

It involves the delivery of used ambulances from Switzerland to Ukraine.

The SGLA will organise the purchase, inspection and transport of these ambulances. It will also keep control of the financial resources from A to Z in its hands.

Brother Carlo says of this action:

"I am personally convinced that this action will not only give a positive boost among the SGLA ranks, but also make us aware of the need to defend our values when they are under attack."
